Notes: (1) The reasons for the enactment of this Act are to separate the control of the nursing/midwifery/nursing-midwifery from the control of the over-all art of healing which in the past included the control of the practice of dentistry, pharmacy, nursing, midwifery, physiotherapy and associated medical sciences including the traditional practice of medical treatment, pharmacy, and midwifery. Also, at present the number of practitioners of nursing and midwifery has increased. Therefore, it is deemed appropriate to separate the control and to set up a Nursing and Midwifery council with the Committee consisting of representatives from the relevant government units as well as those who conduct the profession and have been elected as Committee members. This organization will ensure flexibility, freedom and efficiency in the control and promotion of professional nursing standards.

(2) Reasons for the enactment of the Act B.E.2540 are to define the scope of nursing, to determine the term of license, to enforce licensing examination of newly-graduates, to increase member of Council committee and advisory committee and to adjust the fees.
